PITZONKA'S Prize Mixture PANSY PLANTS

You will like the rich dark shades which predominate in this fine mixture—red, pink, yellow, brown, lavender, blue, and black. Included is a large proportion of solid colors and unusual markings. Naturally, it requires watchfulness on our part to produce a mixture like this, for we must remove every plant bearing flowers that do not come up to our specifications.

These lovely rich colors are sure to cause comment, and we recommend this mixture unreservedly.

Regular Size Plants, \$2.25 per 100, \$17.50 per 1000
Large Size Plants, \$3.00 per 100, \$25.00 per 1000

PANSIES

shown on the cover

BLUE BOY. A lovely soft shade of silvery lilac. Always appealing and attractive.

COPPER LUSTRE. A rich coppery tone with a large blotch of a darker shade in the center.

CORONATION GOLD. The yellowest yellow imaginable. Nice with either blue or white.

LAKE OF THUN. An exquisite variety of ultramarine-blue, with a darker blue blotch on each petal.

GIANT WHITE. Absolutely indispensable, no matter what other varieties are chosen. Pure white.

YELLOW MASTER. Pure golden yellow, a shade that can be used in any color scheme. Very popular.

SUPER MAPLE LEAF GIANTS. Large, velvety flowers 4 inches in diameter, in many variegations. Thick, attractive foliage and good stems add to the desirability of this mixture for cutting.

Prices of any of the above Pansies:

Regular Size Plants, \$2.25 per 100, \$17.50 per 1000
Large Size Plants, \$3.00 per 100, \$25.00 per 1000

ENGLISH DAISY

Bellis perennis

MONSTROSA, MIXED COLORS. An altogether delightful edging plant for spring gardens, and especially good in the rock-garden. This particular variety is unusually vigorous, with extra-long stems and large double flowers. **\$2.00 per 100, \$15.00 per 1000.**

PITZONKA'S Pansies for Beauty and Fragrance

OF COURSE you are growing vegetables these days. We are too! But don't let that keep you from enjoying the exquisite color and fragrance that even a few Pansy plants can bring. Did you ever think of having a small bed or edging of them as part of your Victory garden? Let them be as the icing on the cake . . . for after the utilitarian part of your gardening is done, you deserve the pleasure that flowers provide. And you know, we are sure, that Pansies should be pied often to make the plants keep on blooming. So you will also be growing cut-flowers for your home when you add Pansies to your planting.

Because a large part of our rounds is given over to vegetable growing, our list of varieties is not so large as it would be in normal times. We know that our customers will understand the necessity of this wartime measure. However, the quality of Pitzonka plants remains as high as ever.

PANSY SEED

For the grower who gets extra satisfaction from raising his own plants, we offer seed of all our mixtures and varieties of Pansies. This seed is produced with the same painstaking care that we use in growing superior Pansy plants. First, the seed must be properly matured and harvested; then, it must be fresh, and strictly true to name. In buying Pitzonka Pansy seed you may be sure that all these requirements are met.

Pitzonka's Cut-flower Mixture	\$1.00	\$1.75
Pitzonka's Giant-flowering Mixture	60	1.10
Pitzonka's Prize Mixture	1.00	1.75

Coronation Gold	1.00	1.75
Giant White	1.00	1.75
Lake of Thun	1.00	1.75
Yellow Master	1.00	1.75

VIOLA SEED—Tufted Pansy

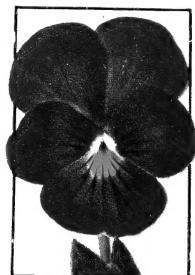

The Viola seed which we offer is from selected plants, grown in our own seedbeds under the closest supervision. It is clean, of high germination, and true to name.

Pkt. (1/2 oz.)	1/2 oz.	Pkt. (1/2 oz.)	1/2 oz.

Lutea Splendens	60	1.10	Mixed	60	1.10

Violas

CHANTREYLAND

BLUE PERFECTION

PITZONKA'S Giant-flowering Mixture PANSY PLANTS

"Oh—look at that big one!" your visitors will exclaim when they see the huge blooms borne by these plants. For size is our first consideration in making up this mixture. And then from the largest flowers we can find, we next choose for seed those that are of the most desirable shades.

These plants are stocky and strong, with good root systems and clean, healthy foliage. At least 75 per cent of the blooms should be of the arresting variegated type illustrated here.

Regular Size Plants, \$1.50 per 100, \$10.00 per 1000, 5000 or more at \$9.00 per 1000
Large Size Plants, \$2.00 per 100, \$15.00 per 1000

VIOLAS

CHANTREYLAND. A cheerful round Viola, deep apricot-yellow in color. The center appears to be sprinkled with brick-dust. Slightly fragrant and profuse in bloom.

BLUE PERFECTION. Amethyst-violet, with a yellow eye; heavy brownish lines radiate from the eye toward the petal-edges. The plants form compact clumps, with small neat foliage.

LUTEA SPLENDENS. A rich golden yellow showing up well when planted with blue sorts. A drift of it under low-growing shrubs makes a sunny spot in the landscape.

Prices of any of the above Violas:
\$2.00 per 100, \$15.00 per 1000

WHITE PERFECTION. A perfect companion for Blue Perfection. The blooms are clear white, with a fresh, spicy scent.

JOHNNY-JUMP-UP. An old favorite with tiny but very pert and appealing little flowers that literally spring up year after year when once started in the garden.

BEDDING MIXTURE. We offer a fine selection of mixed Violas in a great many different varieties. Their wide color range will help to brighten your flower and shrub borders. Use them for edging perennial borders, or grow them in broad masses in the rock-garden.

PITZONKA'S

Pansies

for

cut-flowers

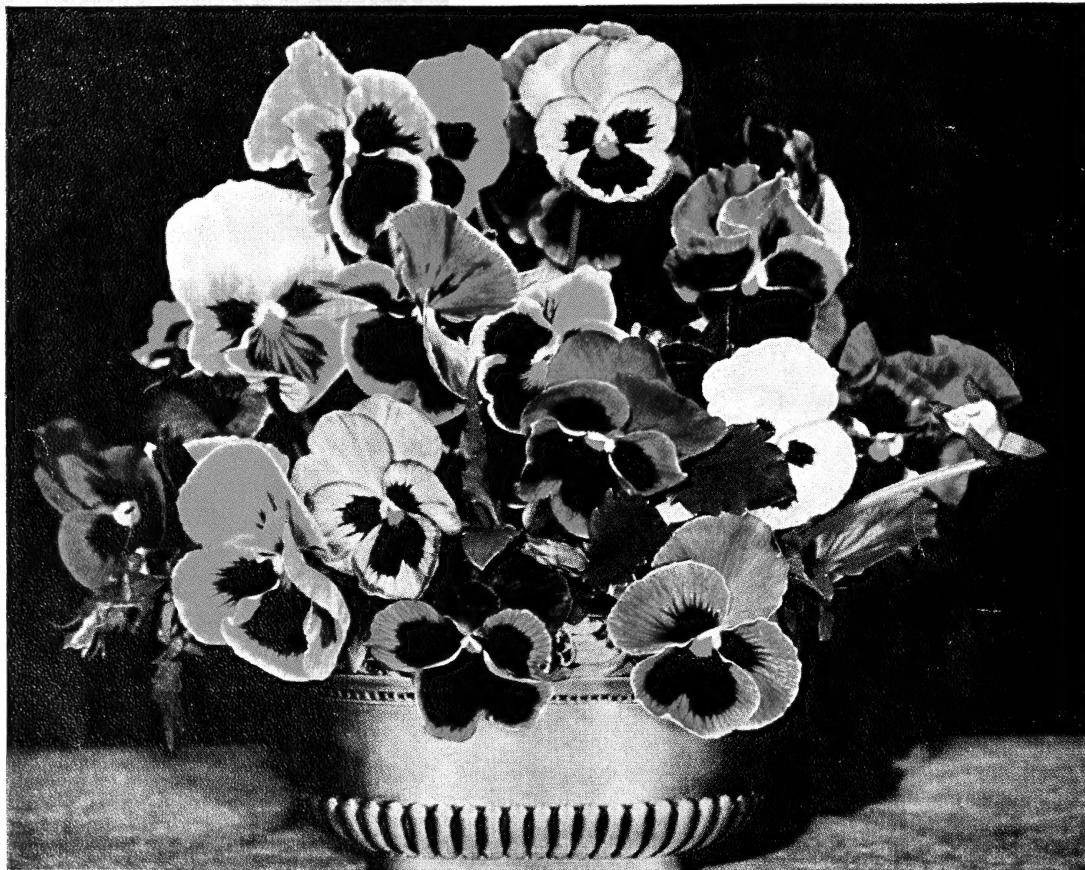

Pansies are one of the oldest and one of the best-loved flowers in the garden. Their velvety "faces" appeal to young and old alike, and their delicious fragrance makes them especially welcome in the house.

By specializing in the growing of Pansy plants we have been able to produce just about the finest that it is possible to buy. Our Cut-flower Mixture, among others, has been procured through years of seed selection. The plants are compact and sturdy, with strong 6-inch stems that are ideal for cutting.

To keep your Pansy plants at the peak of production, be sure to pick the flowers regularly. Never allow a seed head to form, for that will stop the plant from blooming. As the season progresses and the plants tend to become leggy, pick the stems well down toward the ground, with some leaves attached to each flower stem. This will encourage new growth.

Regular Size Plants, \$2.25 per 100, \$17.50 per 1000

Large Size Plants, \$3.00 per 100, \$25.00 per 1000

**SIMPLE
SUGGESTIONS
FOR GROWING
PANSIES**

1. Choose a well-drained, sunny location (part shade is no obstacle).
2. Cover the entire bed with at least an inch of well-rotted stable manure or some pulverized sheep or cow manure. Turn under to a depth of 6 to 8 inches and let it stand several weeks before setting out the plants.
3. Apply commercial fertilizer according to manufacturer's directions. Pulverize the soil to a depth of 6 inches. Set the plants about 6 inches apart, as deep as they were in the nursery. Water well; shade in mid-day until well rooted.
4. Cover with a light hay or straw mulch after the ground freezes.
5. Give another application of commercial fertilizer, according to directions, when growing weather starts in the spring.

Directions to Customers

ORDERING

We aim to execute orders as soon as received, but in the rush season slight delays are unavoidable, and when such is the case an acknowledgment will be sent at once. If you order early and give a shipping date, we will be pleased to ship so that the orders reach their destination on or about the date specified. When no shipping instructions are given, orders are filled in the rotation in which they are received.

TERMS

Those desiring to open accounts will please furnish references from three parties with whom they have had credit relations and allow sufficient time for us to investigate; otherwise cash must accompany order.

Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders, in amount sufficient to cover the complete order. Where it is impossible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way. We reserve the right to decline C.O.D. orders.

No charge is made for boxes or packing, *except on shipments sent Parcel Post prepaid*, and the additional cost for packing, and postage on these is covered by the additional 10, 15 and 20 per cent as per table of rates.

In filling out your order, always give shipping directions, and write *Name and Address distinctly* on each and every order.

SHIPPING

It is customary for our patrons to receive their orders from us in perfect condition. However, there are times when plants arrive slightly withered. When that happens, place only the roots in water, in order to revive them. Never set out a withered plant.

Claims for shortage, etc., must be made within five (5) days after receipt of goods.

HOW WE SHIP

All orders are forwarded by Express or Parcel Post, purchaser paying charges. For those of our customers who wish their orders sent by Parcel Post, prepaid, additional charges must be added for special packing and postage. Rates as per states are listed hereon.
